"Quiet Please! Napping in Progress"

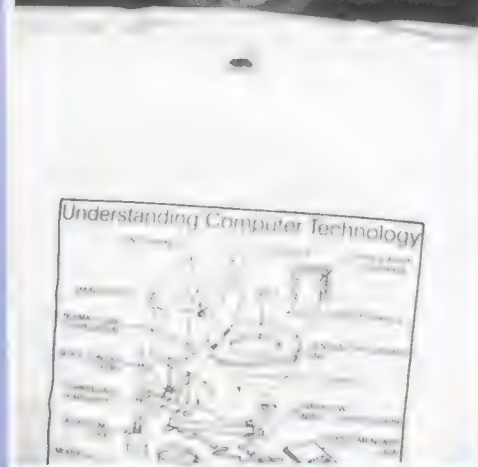

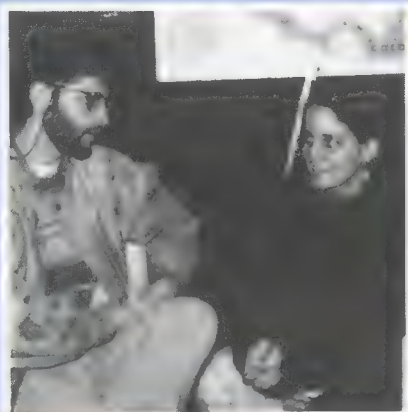

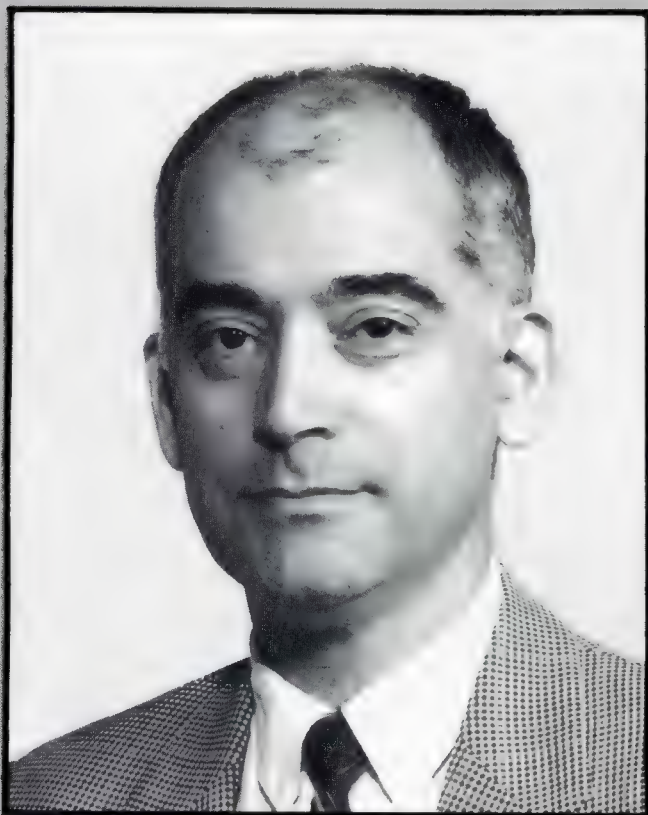

On August 24, 1992, three of our teachers, and friends were shot and killed. On September 23, 1992 another died of his wounds. These four men were dedicated to educating, to broadening their and our horizons, to opening our minds. Matthew Douglass, Michael Hogben, Jaan Saber and Phoivos Ziogas were fathers, husbands, friends, colleagues, educators, scientist, explorers ...
They are missed.

CONCORDIA RELIGION STUDENTS' ASSOCIATION

After several years of non-existence, the CRSA was reborn in 1992. Like many other clubs, we spent most of the '92-'93 year just trying to get some money from CUSA. However, thanks to the support of students and faculty alike, the new RSA's first year has been quite a success: 2 wine and cheese parties, 2 guest speakers, and joint faculty/student events. We would like to thank Karen Fernandes, David Miller, and Pierre Hurteau for their help in getting this club off the ground. We would especially like to thank Jeff Dagenbach; his tireless work and dedication to the club saw us through the hard times. See you next year!

The Garnet Key Society is the official honour society of Concordia University. Part of a larger organization of key societies originally formed for the purpose of welcoming and assisting visiting athletic teams, they soon developed into service bodies to act, at all times, as representatives of the university. It is a faculty-commissioned, rather than student, club. The duties of Key members include constant interaction with the public, as they greet and direct guests and dignitaries at various events. They represent the student body in and outside the university.

ODDS AND ENDS

CONCORDIA *Shuffle III*

The 1993 Shuffle went off with nary a hitch (at least for participants!) For the first time in its three years, Shufflers walked, jogged, and rollerbladed from the Loyola campus. The reason? To celebrate our new library building: the J.W. McConnell Library Building. The 366 Shufflers walked the 6.5 kilometres in a little over an hour. The fastest person made it in only 35 minutes!

The record attendance was not the only increase in numbers from previous years: the Memorial Endowment Fund, set up in honour of Doctors Douglass, Hogben, Saber and Ziogas received a record \$28,000 from generous pledges.

Keep on Shuffling!

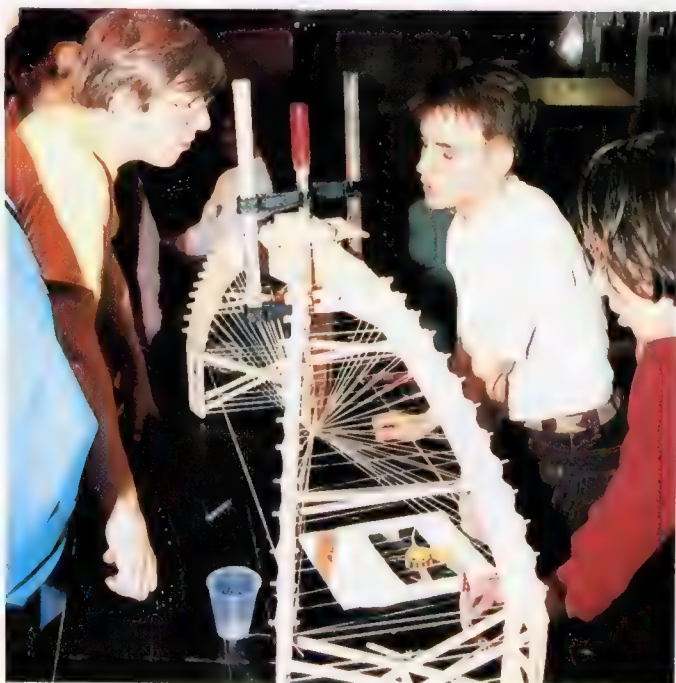

WELCOME TO CONCORDIA UNIVERSITY CIVIL ENGR BRIDGE DESIGN COMPETITION

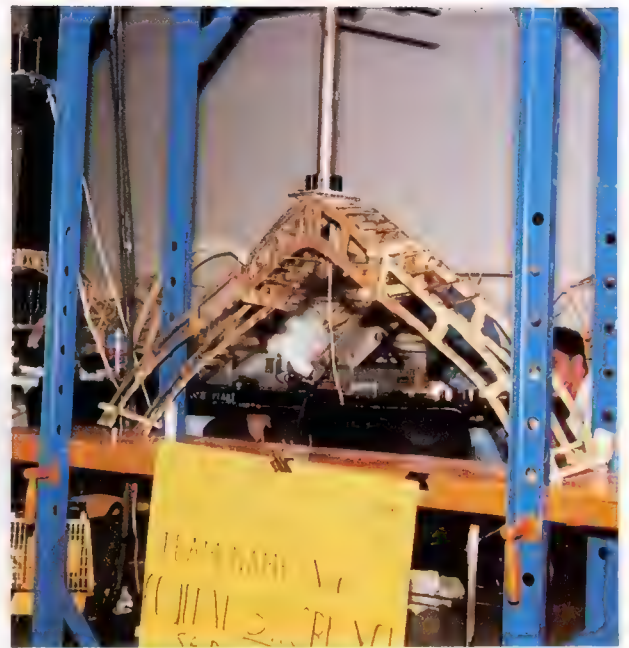

The bridge builders were out again in full force this year. Twenty-seven teams participated from ten different universities in the smashing success of the 9th annual competition. After hundreds of hours of painstaking labour (a bridge could take up to 400+ person hours to build), each team got to watch its popsicle stick, dental floss and glue bridge get crushed -- all in the name of science (and the \$750 first prize!)

Although UBC's bridge withstood 1350 pounds of pressure (remember -- popsicle sticks, dental floss and glue!), the prize went

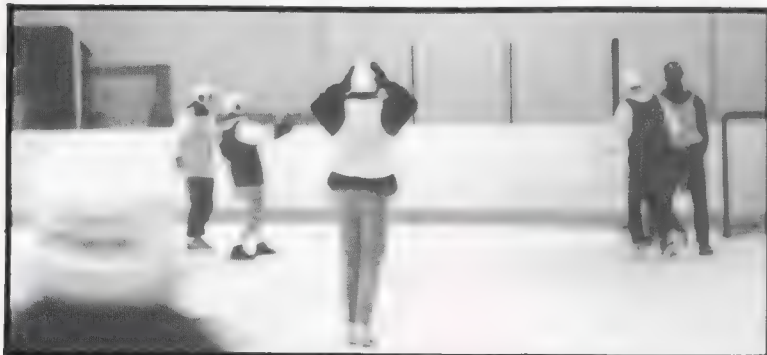

to the University of Calgary. This is because the adjusted load, the characteristic that is being evaluated, is calculated by dividing the applied load (i.e. the Crusher pressure) by the square of the weight of the bridge). One of Concordia's seven teams came in second.

The biggest hole of all, though, wasn't to a bridge, but was punched through the ceiling of H110! After years of service, a valve gave out and sent parts of the Crusher flying, and it lodged itself several meters up, in the ceiling of the auditorium.

CARNIVAL

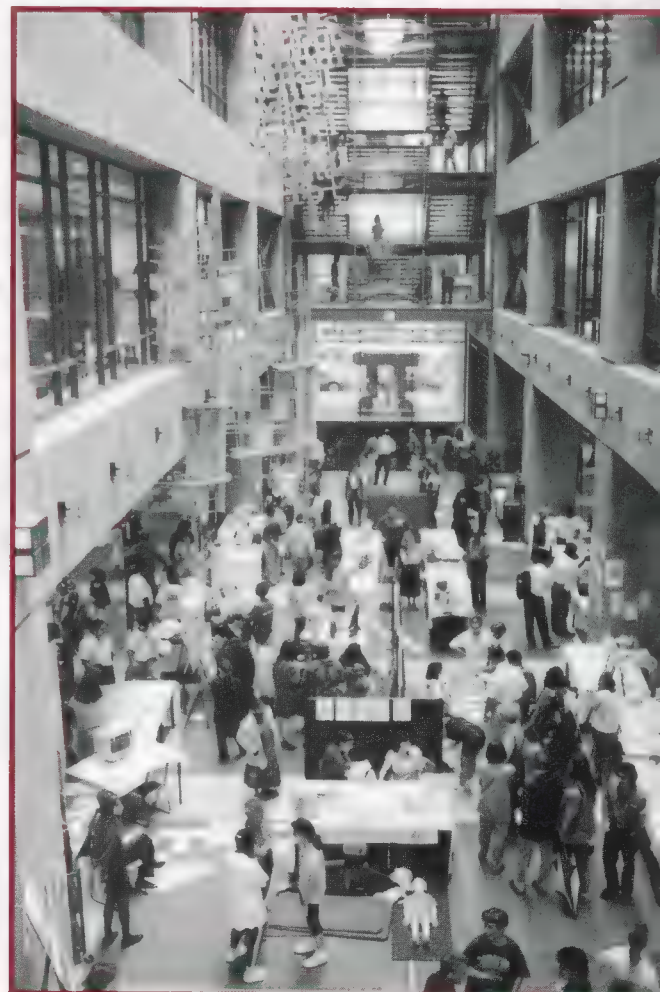

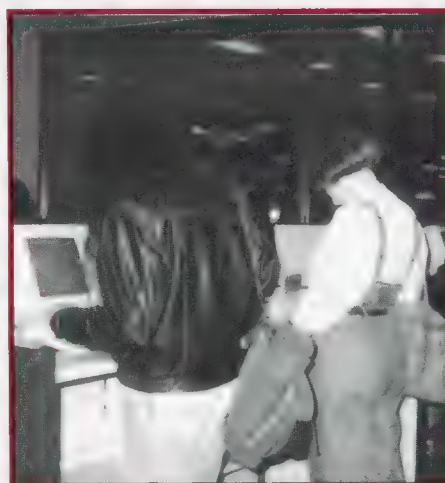

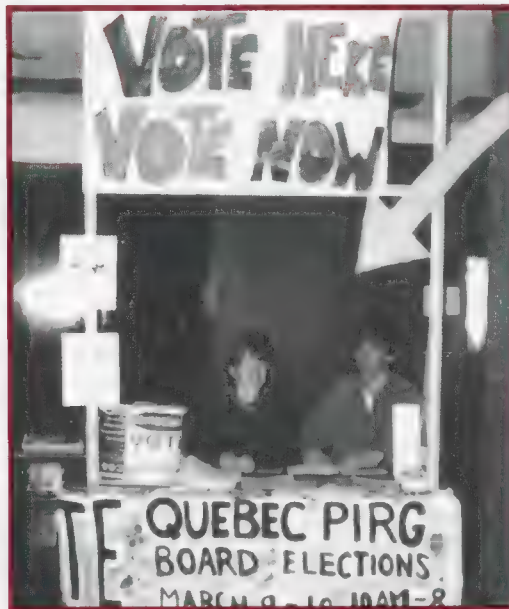

The second annual Health Fair was a raging success. Over 1500 people showed up on each of the two days to meander their way through the myriad of displays. Each table focused on a different aspect of health: for example, healthy sexuality, healthy hearts and healthy bodies. All of the displays provided visitors with the opportunity to fill out a ballot to win a prize. Some of those prizes included a 50\$ gift certificate at the Bookstore, a portable radio cassette player, and a variety of books.

Everyone came away with freebies and hopefully a greater knowledge of what health is all about. Can't wait for next year!!

Front row: Patricia Demers, Barbara Malette-Requesens, Catherine Gagnon, Sharon Sandy, Tanya Guitman, Linda Benjamin, Caroline Jones, Christine de Jordy.

BASKETBALL

The women's basketball team returned to the playoff scene after a seven year hiatus as they finished the regular season with a high mark their last record since 1985.

Sharon Sandy and Pat Demers were selected to the QSSF All-Star team while Tanya Guitman was noted the team's MOST Valuable Player.

The men's basketball team continued its dominance of Quebec basketball by going undefeated in league play and capturing their sixth consecutive league title. Entering the CIAU Final Eight Tournament in Halifax as the number-one ranked team in the country, the Sting-ers downed the Western Ontario Mustangs before losing to the McMaster Marauders.

Dexter John ended his career at Concordia on a bright note as he was selected to the CIAU All-Canadian team, MOST VALUABLE PLAYER of the QSSF and Concordia's Male Athlete of the Year. Emerson Thomas and Fred Arseneault were both named league All-Stars.

Sitting: student therapist Steve Pierre, Emile Bigelow, Frederic Arseneault, Emerson Thomas, Gaetan Prosper, J.P. Reimer, Eric Corej, student therapist Doug Glaezer.

Unfortunately, the team list was unavailable before going to print.

First year coaches Annie Caron and Heidi Jones, themselves former student players who earned All-Canadian Honours while playing for Concordia, took over the reins of the Stingers this past fall and directed them to a strong second place finish. They defeated and tied league champion McGill through the regular

season only to suffer a heartbreaking 1-0 loss to the Martlets in the league playoff final. Dee Miller, the team's leading scorer with 8 goals in 11 games was named to the All-Canadian team, while Chantal Golding and Astrid Mel were selected to the QSSF All-Star Team.

SOCCKER

Coach Vladimir Pavlicik led the team back to the glory days of the 70's and 80's when they upset the Université de Sherbrooke and McGill University in the playoffs to capture their first title in six years. Concordia tied Guelph 1-1 in the first round of the Canadian Interuniversity Athletic Union championship before losing to McMaster University 5-1. The caliber of the team is reflected in post season awards. Mauro Biello was named All-Canadian while Dwaine Dear, Chris Rose, Michael Stephen and Henrik Lystager joined him on the QSSF Dream Team. Patrick Laviolette was named the CIAU Athlete of the Week as he led the Stingers to the playoff victories.

The women's rugby team captured their second consecutive league championship under head coach Tom Ingerman. They dominated the league registering a 8-0-1 during the regular season, and outscoring their opponents 118-14 before defeating Bishop's and McGill in the playoff. They filled nine of twenty spots on the league All-Star Team as Tanya Fiori, Julie Yves, Josée Lacasse, Kelly McKay, Linda Miller, Cristel Monod, Laura Morrison, Judi Van Calditz and Natascha Welsh were recognized for their outstanding serve. In addition, Jennifer Purves was chosen as Sun Life Athlete.

Stingers

The men's rugby team under head coach Paul Moreau experienced their most successful season in years. The team advanced to the league's playoff before losing to Bishop's in the semi final and played in several outstanding Tournaments in the United States. Tony Clarke, team MVP Brett Hansen and Pat Vincentini were all selected to the Quebec All-Star Team.

FOOTBALL

Coach Pat Sheahan's squad underwent a rebuilding season and although Concordia failed to make the playoffs, their future looks bright.

The Stingers opened the 1992 season with a tough hard-fought 13-8 loss at the hand of the Queen's Golden Gaels. Queen went on to capture the OQIFC title and were crowned National champions when they defeated the St. Mary's Huskies in the Vanier Cup at the Sky Dome. The Stingers claimed bragging rights in Montreal when they registered

an exciting come-from-behind victory over the McGill Redmen in the annual Shrine Bowl game, before a nationally televised audience.

First year lineman Giovanni Petrella was selected as the league's Rookie of the Year, as well as OQIFC All-Star. Kicker Paul Geary, defensive back Dimitrios Manolopoulos and linebacker Gaston Thibodeau joined Petrella on the All-Star team while Marc Fortier was selected the athlete of the month for September.

The women's Hockey Team captured their fifth consecutive regular season title before being upset in the playoff by CEGEP St. Laurent. Highlight included winning the 25th Annual Theresa Humes and going undefeated in regular season play. Head coach Les Lawton's squad dominated the league All-Star Team as Laura Leslie, Elaine Bedard, Laurie Cartman, Tamara McKernan and Marie-Claude Roy were voted to the All-Star Team.

HOCKEY

The men's Hockey Team, with a combination of seasoned veterans and talented rookies, showed continued improvement throughout the season. They defeated the UQTR Patriotes in De-fi Royal at the Montreal Forum in a game televised by RDS and entered the playoff on a positive

note. Unfortunately they suffered a heartbreaking 4-3 overtime loss to McGill to end the season. Pat Ryan was selected as the team's MVP and recipient of the Ron Lapointe Award, while goalie Angelo Karitsrotis was the team's Rookie of the Year.

VOLLEYBALL

The women's Volleyball team had its most successful season as it advanced to the league playoff for the second consecutive season. Coach Melanie Sanford's young squad recorded an upset victory over national ranked Sherbrooke and captured the McGill and Queen's Invitational Tournaments. Cassandra Bardo, the Sun Life Athlete of the month was QSSF All-Star and the team's Most Valuable Player while Eleanor Chan was voted Rookie of the Year.

The men's wrestling team continued its fine tradition of excellence by placing two wrestlers in the CIAU National. David Wilson, a first year wrestler, placed sixth in the heavyweight division at the National, while Akira Higuchi finished fifth in the 61kg division.

The Concordia Track & Field team, in existence for two years, boasted a good combination of middle distance, sprint and field athletes this past year. Rookie of the year athletes were Charley-Henry Joseph (400m distance), and Karen Chapman from Kingston Ontario was spring & triple jump. Karen qualified for the latter in the CIAU Championships at Toronto's Sky Dome. MVP Awards went to Elfrida Taylor in the sprints and Sanjiv Thomas who doubles in the 400 & 800m.

Jamie Krutson led Concordia Cross-Country Team in its first year, and will be returning for the 1993-94 season. Krutson is a protegee of Canadian 800m champion IAN NEWHOUSE.

Despite the loss of its top skier, Julie Klotz, due to a knee injury, the men and women both finished fourth in the 10 team circuit. Individual highlights included Klotz winning two races before suffering her injury; Judy Anali and Mark Tilden being selected most valuable players respectively, and Aleck Skeie being chosen as the Male Academic Athlete of the year. In addition, Brian Anderson and Duane Baird received Merit Awards while François Boulais and Stéphanie Daigneault were chosen the team's top rookies.

CANADIAN ADVISORY COUNCIL ON THE STATUS OF WOMEN

Glenda Simms was appointed President of the Canadian Advisory Council on the Status of Women (CACSW) in December 1989. She is an acknowledged advocate of women and minority groups. A teacher in her native Jamaica, Dr. Simms moved to Canada in 1966. She began her teaching career in Canada in Northern Alberta, among the Metis and Cree Aboriginal peoples. Her commitment to Canadian Aboriginal issues has continued throughout her career. From 1977 to 1980 she taught Native Education in the Faculty of Education at the University of Lethbridge; she was head of the Native Education Department at the Saskatchewan Indian Federated College from 1980 to 1985 and she served as the supervisor of Intercultural Education and Race and Ethnic Relations from the Regina Public School Board from 1985 to 1987. Currently, Dr. Simms is on leave from the Faculty of Education at Nipissing University College in North Bay, Ontario, where from 1987 to 1989 she was head of the Native Education program. Dr. Simms moved to Edmonton in 1974 to complete her education. She earned her B.Ed. (1974), M.Ed. (1976), and Ph.D. (1985) in Educational Psychology from the University of Alberta.

She was a founding member of the National Organization of Immigrant and Visible Minority Women of Canada, served as President of the Congress of Black Women of Canada, and was a member of the Canadian non-governmental delegation to the "Forum '85" in Nairobi, Kenya, marking the end of the United Nations Decade for Women. Dr. Simms has advised both federal and provincial governments on issues such as employment equity, development education, Native education and women's issues. She is also a member of the Review Board of the JOURNAL OF INDIGENOUS STUDIES. In 1988 she was amongst the first group of Canadians to receive the Citation for Citizenship. She is also the recipient of the 1990 National Award from the Canadian Council for Multicultural and Intercultural Education. In 1991 she was one of the first two people inducted into the North Bay Human Rights Hall of Fame for her contribution to positive race relations in Canada.

Dr. Simms is currently working on a book examining racism and sexism in Canadian society. Under her direction, the CACSW will continue to concentrate on empowering women, particularly women whose voices have traditionally gone unheard.

On December 4, 1992 Concordia hosted a conference entitled "CHOOSING A FUTURE WITHOUT VIOLENCE"; the keynote speaker was Glenda Simms. This conference was held in memory of the fourteen women students killed at the Ecole Polytechnique, and also of the four professors slain at Concordia this past August 24.

Concordia Summer Camp

MOVING DAZE

THE J.W. MCCONNELL BUILDING WAS OFFICIALLY OPENED on September 30, 1992. The Webster Library, occupying the 2nd, 3rd and 4th floors of the six-and-ten-storey building (depending on whether you're standing on Bishop or MacKay) opened on October 26, 1992. The ease with which the ceremonies took place belie all the work that went into getting the thousands of books from the Norris building to the new LB annex. The whole procedure took the greater part of the summer months and all sorts of interesting techniques for getting the boxes out of the Norris and into the Webster: escalator became chutes and a crane was used for the (now almost obsolete) card catalogue.

The summer months were very confusing for library users as sections were being moved and became unavailable for use — sometimes ahead of schedule!

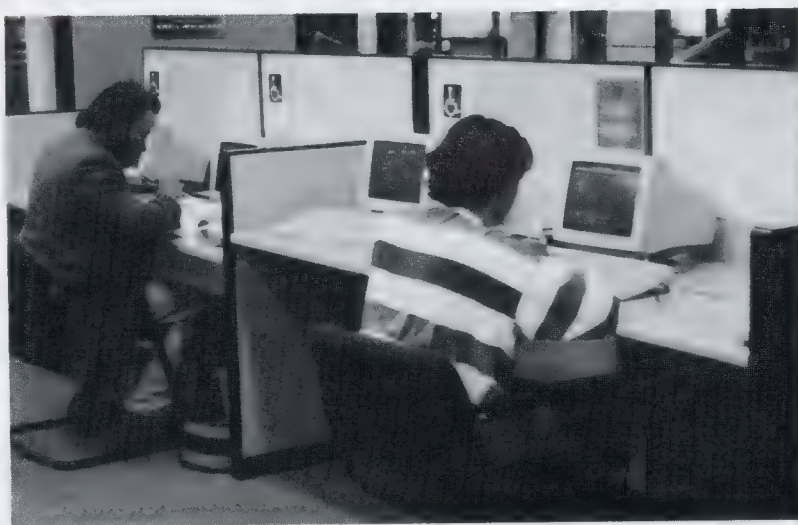

"I remember coming in to use government publications one day to find all the resources I needed in the process of disappearing off the shelves. So I headed back upstairs, figuring I could search the journals. I was looking in my bag as I walked and didn't notice until I was two feet away that I was staring at rows and rows of empty shelves!!"

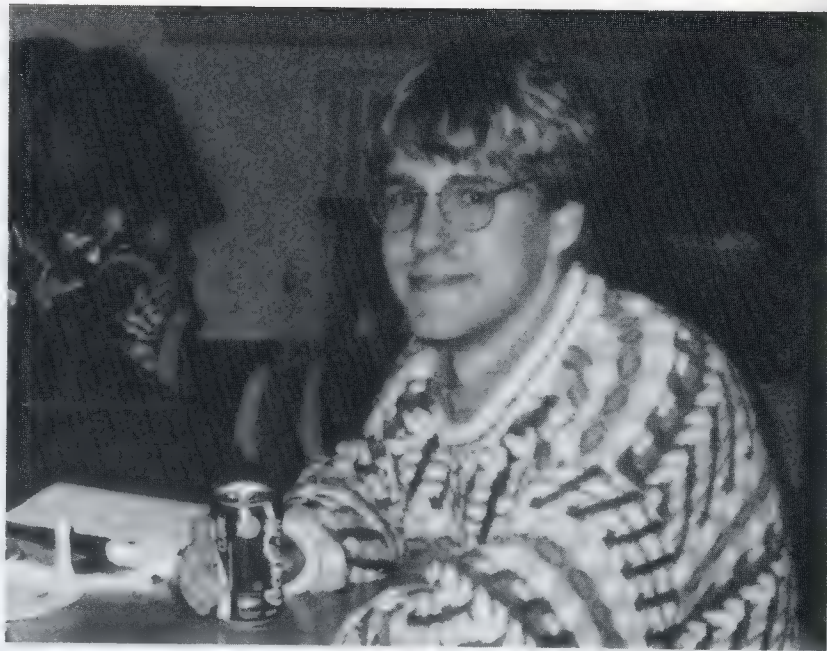

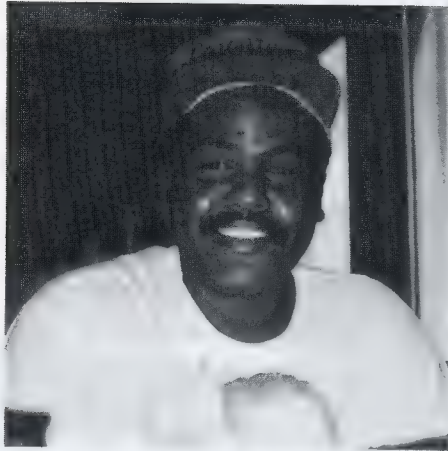

Université Concordia
Bienvenue à la Bibliothèque Webster
Welcome to the Webster Library
Concordia University

Our new surroundings facing the Hall building are open, airy — and comfortable. With this new space also comes CLUES — Concordia Library Users' Enquiry System — a state of the art computer card catalogue. Gone are the days of flipping through endless reams of paper, running from letter to letter in order to find something on "Xenophobia" or "sloth". That is now all done with a touch (or three) on the computer keyboard.

Dear 1993 Graduating Class,

As you finish this part of your education, you will look back on your years at Concordia with feelings of fond remembrance and accomplishment. Your final year has been one in which the University community has enjoyed great achievement and experienced great sorrow. The opening of the J.W. McConnell Building has given us a long-awaited new facility which will change the very fabric of life at Concordia. This high point in the University's history came, however, in the shadow of the tragedy of August 24th, which so deeply shocked and saddened the entire community.

As you enter the next stage of your life, you will also be faced with both positive and negative situations. It is my sincere hope that your education and experiences at this University have helped to prepare you to deal with these challenges in a balanced, compassionate way, with lucidity and sensitivity.

You are graduating from this University, but you are not leaving the Concordia family. We are proud to number you among our alumni and we look forward to a continuing relationship over the years. On behalf of Concordia, and myself, I wish you great success and happiness in your life's endeavours. You represent what is best in our educational mission and we want you to know that we salute your achievements.

A handwritten signature in dark ink, appearing to read 'P. Kenniff', with a long, sweeping horizontal line extending to the right.

Patrick Kenniff
Rector and Vice-Chancellor

CONCORDIA UNIVERSITY ALUMNI ASSOCIATION

CHEERS! ... TO A LIFE-LONG ASSOCIATION

Your affiliation with Concordia University continues well after Convocation. In fact, graduation signifies that all-important time in one's life when the title of student is exchanged for that of alumnus/a and member of the Concordia University Alumni Association.

The Concordia University Alumni Association creates a link between you and your alma mater. It offers alumni the opportunity to participate in a variety of educational and cultural programmes, to socialize with other graduates, and to rekindle old friendships.

If you would like more information about the Concordia University Alumni Association, its activities, benefits and services, please contact us:

The list seems endless. In fact, a child's chances for a long and healthy life were once quite low. Thanks partly to progress in medicine, the odds have improved greatly.

And now, strengthened by the law encouraging pharmaceutical research in Canada, Merck Frosst will double its commitment to science. And more than double our chances of finding solutions.

Saving and improving lives takes people, motivation, leadership, and ideas – and a firm conviction that the list can be shortened.

When it comes to financial health, we've never felt better.

At Met Life, we're into serious financial business. With over \$1,050 billion of life insurance in force, we provide more life insurance protection than any other company in North America.

And, in fact, our annual check-ups by independent credit rating services consistently score Met Life with the highest ratings available (A.M. Best - A+ Superior; Standard and Poor's - AAA; Dominion Bond Rating Services - R-1 high; Moody's Investor Service - A). Not bad for

an insurance company that's over 120 years old. So if you intend to purchase life insurance, annuities, RRSP's or any other financial services, count on Met Life.

Our slogan: "Get Met. It Pays" is no idle boast... it is our promise to be there for you - now and in the future. And it's backed by our clean bill of health.

Before you consider a policy with any other company, call your nearest Metropolitan Life office. We'll show you a fiscal examination that proves we're in great shape.

GET MET. IT PAYS.

Research means one thing... life.

For thousands of Canadians, Sandoz research has meant a new lease on life following organ transplantation. Thanks to research into immuno-suppressant agents, people of all ages are celebrating successful transplantations. And so are we.

We are celebrating more than ten years since our clinical trials began on an agent that has changed transplant medicine forever. And the research continues.

Our research has meant a breakthrough for medicine. For thousands of Canadians, it means life.

Research means life.
